

# Make Your Home an Efficient Home

Enjoy **free upgrades** that boost comfort and save energy.

Every renter deserves a little more comfort, and the Multifamily Program from CPS Energy is here to help.

Your property owner has teamed up with CPS to install upgrades that will help **reduce energy use, increase comfort, and lower your energy bills.**

**Energy-saving upgrades may include:**

Water-saving showerheads

Low-flow faucet aerators

High-Performance A/C Tune-ups

Window solar screens

Smart thermostats

Attic insulation

Air sealing

LED bulbs

**Have a question?**

Reach out to your property manager or call **210-353-2SAV (2728)**.

*Sustainable Tomorrow Energy Plan (STEP) aims to reduce our community's demand for energy by 410 megawatts (MW) over 5 years with equitable programs designed to help customers save energy and money.*
